About The Festival

The ultimate aim is to give young audiences a unique and memorable experience that is different from broad-based children's entertainment to enrich their lives through Arts and Culture. For this festival, we want to work with renowned and emerging children's theatre companies that are exploratory in nature and who are ever ready to challenge pre-conceptions.

The Festival will take place in Singapore from May 21 to June 3 2018. The Festival is for children 0 to 6 years.

About ACT 3 International

Singapore's leading Arts Company for the young, ACT 3 International, was established almost 30 years ago as 'ACT 3' – a professional company that took Children's Theatre to wherever people were. The Company has successfully grown as an arts company that presents, represents, produces, creates and educates. Today, it is a frontrunner in conceptualising and executing a variety of Arts-based initiatives in both private and public sectors.

ACT 3 International is the representative of the ASSITEJ Singapore Centre.
